

Stay in your home! A Quick Guide to Stair Lifts

Mobility Supercenter is proud to represent the top brand names in the industry for Stair Lifts. We have a wide variety of models to offer just the right solution for each of our customers. Whether you need a straight, curved, indoor or outdoor solution Mobility Supercenter's trained staff can make your life easier with a new stair lift!

Stair Lift Showroom

Our showroom displays give you the ability to see stair lifts first hand. By coming in to our showroom this experience usually prompts questions you just can't get from an internet provider. Our factory trained Mobility Consultants can walk you through different options and what brands and models are just right for you.

We also offer Free Home Evaluations.

Our Mobility Consultants can identify challenges or options that are specific to you and your home. You may have a landing, a curve or stairs that are a little inconsistent because of the age of the home. Do you have access to electricity? Do you need the rail to swing up and out of the way in a hall? Maybe the chair needs to rotate at the top of the stairs. We are here to answer your questions. Call us!

Choose from the Top Brands

We carry: Bruno, Harmar, Savaria, Handicare

We Install

After you have chosen your stair lift our team of installers will come out and install your stair lift and show you how to use it. They want you to be safe and comfortable in your home and live in it for many more years. Come in and visit or call one of our Mobility Supercenter experts and enjoy your mobility!

Service after the Sale

After you have purchased your stair lift should a service issue arise we are just a phone call away. Our factory trained technicians can service practically all brands of stair lifts even if we did not sell it to you. Give us a call and we can schedule an appointment. Our charges for a service call are very competitive.
